SUMMARY

Flutter Developer and Computer Science student passionate about building scalable mobile applications using Clean Architecture and modern state management solutions. Experienced in developing real-world apps integrated with Firebase and REST APIs. Focused on writing clean, maintainable code and continuously improving software engineering skills.

TECHNCAL SKILES :

- **Programming Languages:**
  - Dart
  - Flutter
  - Java (Basics)
  - SQL
- **Database & Local storage:**
  - Hive
  - Firestore
- **Concepts:**
  - Object-Oriented Programming
  - Data Structures & Algorithms
  - Clean Code
  - Operating system
- **State Management:**
  - Bloc & Cubit
- **Maps & Location**
  - Google Maps
- **Architecture & Principles:**
  - Clean Architecture
  - MVVM
  - SOLID Principles
- **Backend & APIs:**
  - Firebase Authentication
  - REST APIs
- **Tools &IDEs**
  - Git & GitHub
  - Android Studio
  - VS Code

PROJECTS

AL HIRAFI — Flutter Service Marketplace App

- Built a service marketplace app using Flutter and BLoC.
- Integrated Firebase (Auth, Firestore, Storage).
- Applied Clean Architecture principles with scalable UI components.

Bookai Store GitHub

- Developed a bookstore mobile application using Flutter.
- Implemented Clean Architecture with BLoC state management.
- Integrated REST APIs and Firebase services.
- Built responsive UI with scalable project structure.

Fashion Store GitHub

- Designed an e-commerce mobile app with product browsing and search.
- Applied MVVM architecture.
- Implemented reusable UI components.

TRAINING & COURSSES

- **CS50x: Introduction to Computer Science – Harvard University**
  Topics: Algorithms, Data Structures, C, Python, SQL, Web Development
- **Databases Fundamentals – YouTube (2023)**
  Covered topics: ERD, Mapping, SQL
- **Mobile App Development with Flutter – EraaSoft** *(April 2025 – Present)*
  Topics include: Dart, Flutter fundamentals, UI/UX, State Management, Firebase integration

EDUCATION

Higher Institute of Culture and Science – Computer Science Department

(Expected Graduation: 2026)
